

The Dirty Mitten 2020 Cancellation

As with our other events, Grand Rapids Triathlon and Michigan Titanium, we have made the extremely difficult decision to cancel the 2020 inaugural race.

Not much more can be said that you have not heard already from scores of other race cancellations this year. This is a brand-new event and we simply can not hold it in the manner we have been planning for the inaugural year. Despite our more rural race location, it simply can not be done safely with your health and wellness in mind and we will not put you at risk.

Athlete options due to the cancellation are:

1. Automatic deferral to next year's The Dirty Mitten, to be held late September 2021 (exact date TBA soon). You will receive an email later today regarding how this works.
2. If 2021 does not work for you, we will offer deferment to 2022's event. Contact Lori at info@tris4health.com for details.
3. Free transfer to another athlete via our athlete forums. We will continue to waive the \$35 transfer fee.
4. Donate your entry to our charity partner, the YMCA. Contact Lori at info@tris4health.com to let us know.

Virtual Event

There will NOT be a virtual option offered for this event. We want the first time you participate in The Dirty Mitten to be live and in-person as it will be unlike any triathlon you have competed in. We are willing to wait and hope you are, too.

Sincerely,
Jon & John
